

Hancock County Health Department

Health Department Description/Information

Purpose

The Hancock County Health Department is responsible for disease control and the physical and environmental health of County residents. The Department is directed by an 11-member Board of Health that is appointed by the County Board to three-year staggered terms. The Board of Health approves a spending plan and submits to the County Board for appropriation consideration. This Department is supported through the Health Fund property tax levy, charges for services, and a variety of federal and state grants.

Mission

To promote the health of our community.

Vision

A healthy, safe and informed community through collaborative partnerships.
